So what are you waiting for? There's work that has to be done on the line. Good luck and have a safe trip!

Really good and fun route for mostly local work. This is great to get you up to speed driving in Tane, also transfers to Trainz 2019 if you own/buy it. Pretty hard to see in the Night of the Storm mission, but then it is at night during a storm so... Great fun for the money!!. Simple route with 6 sessions . When bought it will be installed from TANE Download Station, takes a while.
